Harris Data request and Response Q&A 6.26.12.doc

Laura and Arvin,

Just to give you current update:

* diesel guidance-SENT today

* the fracking materials have references to answers that are draft parts of harris response and may change - we need to run that down and remove those references-Pending

* green book (need more)-PENDING BY 2:30 PM blessing

* harris data request and response (OAR)-attached

* we need to pull high profile letters and responses to this committee and members (each team should pull)-Sent

* regional fracking issues - need fact sheets for dimock (Sent) , pavillion(Pending) and range(Sent) resources

* SAB-Sent

There may be an updated Q&A on Human Studies-OAR and ORD are working together right now. As soon as I have that I'll send along as well.

Subject: Hearing prep

We still need some things for the Administrator's book. Forward to others as needed and thanks for your help.

List below - we need one pagers on these asap, but definitely before noon tomorrow...

Let us know if questions.

- * diesel guidance
- * the fracking materials have references to answers that are draft parts of harris response and may change - we need to run that down and remove those references
- * green book (need more)
- * harris data request and response (OAR)
- * we need to pull high profile letters and responses to this committee and members (each team should pull)
- * regional fracking issues - need fact sheets for dimock, pavillion and range resources
- * SAB
